CAUSE NO. _____

1

under franchises obtained from various municipalities and certificates obtained from this Commission or its predecessor. Petitioner supplies gas to both rural and municipal areas in the following counties: Jennings, Jackson, Washington, Scott, Orange, Monroe, Daviess, Greene, Sullivan, Knox, and Clark Counties, Indiana.

4. Petitioner's current rates, charges, tariffs, rules, and regulations, except as amended from time to time by various GCA proceedings, amended tariffs, or approved alternative regulatory practices, are those last approved by this Commission in Cause No. 42246 through its Order of February 5, 2003. Such rates and charges are unjust, unreasonable, and confiscatory of Petitioner's used and useful property. Such tariffs, rules, and regulations are insufficient for the appropriate provision of natural gas service.

5. Petitioner requests authority to change its current rates, charges, tariffs, rules, and regulations and to issue additional long-term debt, all as supported by the evidence of record in this Cause.

6. Service of all petitions, motions, reports, testimony, exhibits, or papers of any kind to be served upon Petitioner should be served upon Petitioner's counsel of record as here noted:

WHEREFORE, Midwest Natural Gas Corporation, respectfully petitions this Commission to enter this Petition of record; set this matter for a Prehearing Conference at the earliest time possible; hold such other public hearings as are necessary; authorize changes in Petitioner's rates, charges, tariffs, rules, and regulations; authorize the issuance of long-term debt; and for all other relief justice would require in these proceedings.

Respectfully submitted,
